Biodiversity Week

Celebrate Kerrys Natural Heritage

Sat May 20th - Sun May 28th 2017

Celebrate the beautiful and amazing diversity in Kerry's natural heritage – its plants, animals and landscapes. Come along to a series of talks; walks, film, music and days out in the county that celebrate Kerry's biodiversity! Events are open to all.

Bookings are necessary for several events (where stated). Nearly all the events are suitable for children (accompanied by adults for all events) unless otherwise stated. Please dress appropriately for outdoor activities and the weather on the day. Bat walks will occur at dusk, along paths of uneven ground, and may finish in darkness. Please be aware of your own ability to participate in these walks.

For further information contact Cathy Fisher, Kerry County Council on 066 7183521 cathy.fisher@kerrycoco.ie, or contact details provided for each event.

General Information

Please wear appropriate clothes for outdoor events and suitable walking shoes /boots or Wellington boots.

Events are organised by the Biodiversity Office of Kerry County Council in collaboration with other partners, including:

Tralee Bay Wetlands Centre: A visitor attraction aimed at attracting new overseas and domestic tourists to Tralee and the wider South-West region. The project utilises the rich natural heritage of the Tralee Bay area – wetlands of international importance – to attract visitors to the area.

Killarney National Park Education Centre (KNPEC): is a non-profit making entity, run by the Kerry Education Service and The National Parks and Wildlife Service. The Centre is based in Knockreer House, situated close to the town of Killarney, with spectacular views over the National Park. The ethos of the centre is based on a hands-on approach to learning about nature.

Irish Whale and Dolphin Group (IWDG): is dedicated to the conservation and better understanding of cetaceans (whales, dolphins and porpoises) in Irish waters. The Group was founded in 1990 to establish an Irish stranding and sighting scheme and to campaign for the declaration of Irish territorial waters as a whale and dolphin sanctuary. In June 1991 the Irish Government declared all Irish waters to be a whale and dolphin sanctuary, the first in Europe.

Irish Wildlife Trust (IWT): is a conservation charity committed to raising awareness of Ireland's rich natural heritage and protecting it for future generations. A Kerry Branch is now up and running. See www.iwt.ie for further details.

Swift Conservation Ireland - Mayo Branch: The swift is on the amber list of birds of conservation concern in Ireland because its population has declined by over 40% in the last 15 years. SCI aims to reverse this trend by raising awareness around the bird, its ecology and need for nest sites in our towns and villages.

Team Bramble: is a group of volunteers which works with Tralee Tidy Towns, Tralee Chamber Alliance and Kerry County Council. Team Bramble co-ordinates with schools, businesses and community groups to carry out projects such as litter picks, tree & flower planting, beach cleans and various environmental and biodiversity projects throughout the year.

This is an action of Kerry's Heritage and Biodiversity Plan 2008-2012.
